

Mrs. Synan's 1st Grade Class

Reading

This week we read a story about a tiger who lost his roar, children who played baseball and a man who sells hats. We talked about how to evaluate what you read and that every thing happens for a reason (cause & effect)

We reviewed words that have it and ig in them. We learned how knowing these word families would help us when we read and write!

Testing

This week we had our AIMS web testing which gives our staff a better idea on where your child is academically. I will share these results during conferences. Next week we will do our NWEA or MAP testing, which is another tool we use!

Take Home Books

As you probably heard I have been out sick almost all week, so I didn't get to start take home books. I will start them next week. Once they get started please let me know if you have any questions!

Don't Forget!

9/18 Field Trip Money DUE!

9/23 Field trip—Don't forget a sack lunch!!!

9/24 & 9/25 MAP testing! Please send your child to school rested and full of energy!!

10/7 & 10/8 Mrs. Synan gone all day!

10/9 Early Release

10/12 No School

Math

Did you see your child's bead counter? This is an excellent way for your child to learn and practice their math facts. They can use it to finish their math fact practice from school, use it for problems you give them or with flash cards. It is so important your child learns their addition and subtraction facts by sight. Use flashcards, it's the easiest way!

at Home!

Please practice your letter writing at home. It's important your child can form their letters correctly. Please practice as much as you can at home!!!!

You can also help your child by investing in addition and subtraction flash cards. You can pick these up at your local dollar store!
